INTERVIEW IN THE SHERMAN POLICE DEPARTMENT  
WITH CARMEN HAYS  
BY THE INTERVIEWER  
TAKEN ON MARCH 27, 2004

5336

ORIGINAL

04519

1 March 27, 2004.

2 (Proceedings take place at the Sherman  
3 Police Department.)

4 Carmen Hays,  
5 hereinafter answered the questions propounded to him:

6 DIRECT EXAMINATION

7 BY SHERMAN POLICE DETECTIVE:

8 Q. Your name is Carmen. But after that what is  
9 your last name?

10 A. Hays.

11 Q. Hays?

12 A. H-a-y-s.

13 Q. What is your date of birth?

14 A. [REDACTED].

15 Q. Of course, you know the reason we are here is  
16 what you told us about this incident with Andre. Okay?  
17 Can you start with let's say, you know, the stab wounds  
18 and stuff like that themselves. Start there. Okay?

19 A. This was actually Wednesday. It started about  
20 about twenty-four hours and then that was prior to the  
21 stabbing. But Thursday when I got off of work, like we  
22 would get trashed and whatever so we got some cough  
23 medicine. And we got in the car. We went home. We went  
24 home.

25 Q. You went home?

5337

04520

1 A. We got the cough medicine.

2 Q. For?

3 A. To trip over. Because, but and so and I don't  
4 think --- I don't think he was drunk when we went over  
5 there at Laura's, but we went over there, he was --- He  
6 started taking pills and we were talking to the kids.

7 Q. What kind of pills?

8 A. Coricidin Cough and Cold. You trip off of it.  
9 And at Fairview Park he would stop and throw up. We went  
10 back to the park. He went to sleep. He got there.  
11 Laura could tell something was wrong with him.

12 It was so intense when he started  
13 tripping, he had to lay down on the ground. And she was  
14 like, "What is wrong with you? This is sad. You come  
15 over here all puffed up wanting to see your son." He was  
16 like, nothing could stop him, but she did not piss him  
17 off to the point that I thought this would happen.

18 Q. This was Thursday?

19 A. Yes. Then Thursday night we were sitting there  
20 and listening to music and just hanging out at his house.  
21 After we got back from there and we were just hanging out  
22 and everything was cool. Then he was like, "I love you,  
23 Carmen. I love you." Then he stabbed himself. I didn't  
24 realize that was what he had done.

25 **5338** Q. Where were you all laying down?

04521

1           A.     We were laying down on the bed. And I was  
2 like, "What just happened?" Because I was tripping out.  
3 He was like, "Nothing happened. Just lay there." Two  
4 minutes later he turned over and I saw the wound on his  
5 chest and the blood and all and I said, "What did you  
6 do?"

7                     He was like, "I stabbed myself." I was  
8 like, "Why did you do that?" I started flipping out.  
9 And he was really scaring me and so I went and told his  
10 mom. She was like, "What are you guys on?" I said,  
11 "Cough medicine." We had been drinking. I didn't drink  
12 no more. She was like, "You guys are just playing with  
13 your lives and everything." I was like, "I know. We  
14 will never do it again, never. I will never do it  
15 again."

16                    And I went to sleep, you know, because he  
17 was like I am all right. I am not coughing up blood or  
18 anything. I said, "You need to go to the hospital or  
19 something." I tried to get him to stand up. He could  
20 not stand up and he just lay there.

21                    I fell asleep in about twenty or thirty  
22 minutes. He woke me up and told me he was going to the  
23 hospital. His mom was taking him to the hospital. He  
24 got back about ten o'clock that morning and he was okay.  
25 I mean that was why he broke up with me. And I was like

5339

1 all right, whatever. And I mean I think he cared about  
2 me. I knew he had stuff wrong with him.

3 We were doing our own thing that day. I  
4 was off work on Friday. I was with his mother. As a  
5 matter of fact, I was back in the middle bedroom and I  
6 went to sleep about 8:30. And I woke up and I had been  
7 asleep and his mom came in the room getting laundry and  
8 stuff. I don't know what time that was. But I heard  
9 Andre coming in at 6:30.

10 Q. This morning?

11 A. Yes.

12 Q. Did you say anything to Andre this morning?

13 A. I don't think so.

14 Q. But did you say anything as he was leaving  
15 then?

16 A. I don't think so.

17 Q. What time did he come back that you know of?

18 A. Well, I heard the door open and close twice. I  
19 was up at 6:30, but he did not come back until a little  
20 bit before nine o'clock.

21 Q. How do you know?

22 A. What happened. He went to show us the butcher  
23 knife and that is when my alarm went off.

24 Q. Tell me about that.

25 A. He came in. I just had a partial view of him.

5340

04523

1 I didn't see if he had anything in his hand. I could not  
2 see.

3 Q. What was he wearing?

4 A. He was wearing a blue T-shirt and a pair of  
5 green BBUs. I had come. I had turned around and was  
6 sitting on the couch where I did not want to talk to him.  
7 But I was like, Andre, and he was like, you know, I am  
8 not, I was trying to tell the story.

9 Q. What did Andre say?

10 A. This is when he said the police will come.  
11 They are coming for me. I said, "What did you do?" That  
12 is when I noticed the blood on his shirt. I was like,  
13 "Andre, what did you do?" He said, "I stabbed Laura and  
14 I ripped her heart out." I said, "Are you playing  
15 around?" He was like, "No." Do you want to see the bag?  
16 He pointed toward the kitchen. I thought he had put it  
17 outside, you know.

18 Q. That was the first time you saw him. So was it  
19 possible he was in there earlier when you were in bed?

20 A. Yes.

21 Q. But he pointed towards the kitchen and he asked  
22 you if you wanted to see the bag?

23 A. Yes. "Do you want to look in the bag?" I  
24 said, "No. Why would I want to see that?" At that time  
25 we crossed each other in the living room. He was going

5341

94524

1 around to the, actually he took his shirt off when we  
2 first started talking and he said, "Look at this." I was  
3 like, "I don't believe you stabbed yourself." Then he  
4 went out and we crossed and I went to the bedroom. I was  
5 getting my work clothes on. I was like, "I don't want to  
6 be in the house with you." He was like, "Put your like  
7 this" or whatever he said. But you know, he was I  
8 thought I used that one. He had his hand on the line.  
9 It looked like there was blood.

10 He said, "I put it in twice. I wanted to  
11 be sure." "I don't want to look at that." You know,  
12 that is when I went to the bedroom and got changed. I  
13 don't know if Isiah and Andre were talking or whatever.  
14 But when I came out of the bedroom, Andre was sitting at  
15 the bar and I was like why did you do that? ~~Why did you~~  
16 ~~do that?~~ "I thought she was Jezebel." I was like,  
17 "Andre, you need help." I was sitting on the couch. I  
18 said, "You need help." I was like, "Are you going to  
19 turn yourself in?" "Yes, I will turn myself in."

20 Then he said, Isiah was listening. "You  
21 know, I will help you." He said, "I will go with you.  
22 We will get a ride." He said, "Okay." I went back in and  
23 changed my shirt and put my socks and shoes on and I came  
24 out and he was hugging Andre. Andre was leaning on his  
25 chest. We went around. Isiah grabbed me, but I guess he

5342

04525

1 heard we were going to turn him in.

2 We went through the apartment and turned  
3 around. He had not talked to Ray yet. We got to tell  
4 her what was going on or anything. "Can you give us a  
5 ride to the police station?" She was like, "Well, you  
6 know, Jason has a car, his brother." I said, "Okay.  
7 Because they would tell us. He said, "Maybe." So we  
8 started walking over there. I changed my mind and we  
9 will, you know, we went for help. And I did not tell him  
10 anything in the car.

11 Q. What did you tell her?

12 A. I said we needed a ride to the police station.  
13 She said, "Okay." We drove there because they talked on  
14 the way.

15 Q. Where did you sit in the car?

16 A. Huh?

17 Q. Where did you sit in the car?

18 A. I sat in the front seat. Andre was in the  
19 back.

20 Q. Behind you?

21 A. Yes. And when he got to the police station,  
22 Andre did not want to talk with us. He walked out. He  
23 wanted to go in by himself. So I let him out to go in  
24 and he told me. He said he would write me. I said,  
25 okay. Then he pulled out and she was, "Probably he will

5343

1 never get out." She started crying and she said, I will  
2 help Andre. Went there and he said, "I love you."

3 And we came up here. Then I went to the  
4 bathroom because I was like I have to go to the bathroom.  
5 We heard Andre talking and all I heard was he was  
6 screaming. I was like I can't listen to this. I can't,  
7 you know. I left. I went back to the trailer and  
8 looked. He said there was something about the bag. You  
9 know, so we looked around the house and around the  
10 outside and underneath the trailer and I went in his  
11 room. I didn't want to find anything, you know. So we  
12 looked. We just went in his bedroom and looked in the  
13 bathroom. When I saw Andre ---

14 Q. Did you turn the water on anywhere?

15 A. No.

16 Q. Earlier you said something about he thought it  
17 was somebody.

18 A. Jezebel.

19 Q. Jezebel?

20 A. From the Bible.

21 Q. That is what he was referring to was the Bible?

22 A. Yes.

23 Q. Was there anything else that you could think of  
24 about what happeneded on this morning or anything that  
25 you know of?

5344

04527

1 A. No.

2 Q. So what happened?

3 A. No?

4 Q. Did Andre tell you that you saw somebody on his  
5 way over here?

6 A. Yes. Brad. He was with her.

7 Q. When?

8 A. When he was walking to their house.

9 Q. When he was walking to their house?

10 A. Yes. And Brian waved at her or had some hand  
11 motion.

12 Q. Did Brian go into Andre's daddy's house? Is  
13 that what he told you?

14 A. Yes. He went in Rochelle's house. She said,  
15 "Why did you even go over there?" He said, "Well, you  
16 know, I wanted to ask Laura to forgive me for everything  
17 that I had done." I was like, "Did you know what you  
18 were doing." He said, "No." He said, "Well, you know,  
19 today I am re-living today because he had deja view or  
20 something back in the house. He said he killed Laura and  
21 [REDACTED] before.

22 Q. That is what he thought about?

23 A. No. That is what he had done it before in his  
24 mind, yes. I believe that he thought that, you know,  
25 because when you have deja view, he had deja view for a

5345

1 week, you know, from what I understand.

2 Q. Is there anything else?

3 A. No.

Comp. is the State of Texas

On 03/27/2004 at approximately 0723 hours, I was in the briefing room at the Sherman Police Department when Sgt. Mullins received a call from dispatch in regards to a possible triple homicide located at 1200 W. Taylor apt. #340. Sgt. Mullins directed myself, Officer Miller and Officer Ferguson to the scene and we arrived at the location at approximately 0725 hours. I arrived with Sgt. Mullins at the location and we went immediately to the apartment, which was 340. Upon walking up to the front door of the apartment, I observed that the door was not completely closed and appeared to have been forced open and the door frame appeared to be cracked. Sgt. Mullins pushed open the door and announced that we were the Sherman Police Department and we made entry into the apartment to check for victims and or suspect in what is known as a protective sweep. Upon entering the apartment, I observed a white female lying on her back near the breakfast area at the front of the hallway. The white female, later identified as a Laura Christen Thomas, was nude with a large open chest wound in her chest area. I maintained my position there covering the kitchen area and hallway as Sgt. Mullins checked the back bedrooms of the apartment.

Sgt. Mullins notified me that the back area of the apartment was clear and that two other victims were located in the bedrooms off of the hallway. Upon completing the protective sweep, myself and Sgt. Mullins exited the apartment and secured the area with crime scene tape to ensure that no one disturbed the crime scene area. After securing the area with crime scene tape, I began a crime scene log at the direction

of Sgt. Mullins on a piece of notebook paper. After receiving an official crime scene log, the information was transferred from the notebook paper to the actual crime scene log.

I was relieved from my duties of keeping up with the crime scene log by reserve Officer Tony Leone at approx. 0959 hrs.

The notebook paper, which I had originally started the crime scene log on, was turned over to Officer Leone to be tagged with the official crime scene log.

While I was conducting the integrity of the crime scene by keeping up with the crime scene log, Officer Ferguson began canvassing the near by apartments and speaking with residents obtaining their names and phone numbers. Paul Bornan, who was the reporting party and the father of victim Laura Thomas, was still at the apartment complex and spoke with Officer Miller.

Follow-Up Narrative: 03/07/04 0955 Guedea 145 164

On 03/27/04 at 0724 hrs, I Officer F. Guedea 145, was dispatched to 1200 W. Taylor apt. #340 in building number ten. Myself, Sgt. Mullins, Officer Ferguson, and Officer Dawsey arrived at about 0726 hrs.

We went up the stairs, and approached apartment #340. Officer Ferguson was already inside as well as Sgt. Mullins. I did not observe where Officer Dawsey was, however, I did step into the doorway and observed a white female subject lying on the floor, nude, and had large amounts of blood that appeared to be coming from the chest and upper torso area.

Sgt. Mullins and the other officers had already cleared the apartment. Sgt. Mullins then had the officers step out from the doorway, close the door partially, and immediately started to cordon off the crime scene area. Sgt. Mullins gave us the area that he wanted cordoned off. Officer Dawsey had already cordoned off some of the area, and I also cordoned off several areas behind the apartment building number ten as well as in the front lower level of the apartment.

Other Officers started arriving on the scene as well as investigators, whom myself and Officer Ferguson then started interviewing people in the immediate building and buildings surrounding the crime scene. I went to building number four and interviewed the residents, which were at home.

I first started at apartment #124 and made contact with Roberta Kay Gray /f who stated that she had heard nothing at all, or anything unusual. I spoke with her at 0818 hrs.

I then went to apartment #224, and made contact with a couple Melvin Cecil Bowen b/m who stated that he had been asleep all night and heard nothing. I then spoke with his girlfriend Danielle Minor w/f who stated that she was up at about 0400 hrs. this morning, however, she heard nothing unusual in the apartment building across from her.

I then knocked on apartment #123 at 0827 hrs. and made contact with Sandra Stewart w/f who stated that she had heard nothing at all and stated that she lives there with her brother David Stewart.

At 0829 hrs. I knocked on door #121 and made contact with Allen Valentine w/m. Allen stated that he sees large volumes of traffic going into the apartment #340 at all hours of the day. Allen stated that there is always a black male subject there who appeared to live there, but would be in and out quite often. He stated that he did see a white female there who had a couple of small children, but he stated he believes that there was drug activity taking place in that residence.

I was not able to make contact with the residents in apartment #222, or #122.

I relayed this information to the Sgt. on scene, Sgt. Blankenship.

I was busy back and forth after I interviewed people in apartment #4, stopping various residents who were leaving through the crime scene and identifying them as they went out. The investigators and Texas Ranger continued their investigation at the scene, and shortly afterwards at about 0950 hrs. traffic was able to move through the complex around the immediate crime scene that was still cordoned off in front of the apartment.

Follow-Up Narrative: 03/07/04 1415 Guedea 145 164

On 03/27/04 at 1055 hrs, I Officer F. Guedea 145, arrived at 500 N. Highland. I arrived here to stand by with Officer Marc Miller #114 who was watching the suspect Andre Thomas B/M. Thomas was handcuffed to a hospital bed and was being monitored by medical staff who were coming in and out of the treatment room. The Doctor in charge of treating Thomas at this time was Dr. Scott Choi.

The nursing staff then told myself and Officer Miller that Thomas was going to have to get a CT done, at which time they did take him to the X-Ray examining area as myself and Officer Miller followed. After the CT staff viewed the images, they stated that there appeared to be no deep penetration from the .tab wounds that were self-inflicted by Thomas.

Shortly after that Thomas was transported back to the examination room in the ER. It was within a few minutes that the nursing staff started to call the Doctor in the room and started working what appeared to be frantically on Thomas. Shortly afterwards a physician from Texoma Medical Surgeon, who was a heart specialist named Dr. Wilcott, arrived at the ER. It was later learned that Thomas apparently may have caused a hole to an area in his heart and the nursing staff further stated that he was losing blood, and at one point one nurse said she had to give him blood.

Soon after that Thomas was prepped for surgery and he was then rushed upstairs to the operating room. Myself and Officer Miller did dress in the proper sterile attire and escorted Thomas into the operating room where we stood back as the Doctors worked on him. Dr. Wilcott then opened Thomas' chest cavity up, and examined the inside around the heart and stated that there was some bleeding, however, I do not know the area that was bleeding.

Afterwards I was called by Sgt. Mullins to exit the operating room and clear the hospital due to the full call load that we had at this time. I did clear the hospital room. Officer Miller remained with Thomas who was sedated at this time, and Officer Miller related to me that it would take Thomas six weeks to recover, however, he would be able to go home after about four days.

As I was exiting the ER, I was stopped by a nurse who was also tending to Thomas. The nurses name was Loava Mcarthy, she is a RN in the ER. Loava related to me at 1527 hrs. that when Thomas first came in she asked how did he receive the stab wounds, and he responded to her that he did them himself. She asked him why he stabbed himself, and he stated he wanted to die. She said that she again asked him why do you want to die, and Thomas told her because I stabbed three people.

Follow-up narrative: Capital Murder 03/07/04 0722 Sgt. Mullins 130

On 03/07/04 at approx. 0722 hrs. I was in the briefing room conducting the 0700 briefing. Present in the briefing room were Officer Guedea, Officer Dawsey, Officer Miller, and Officer Ferguson. At approx. 0722 hrs. the briefing room phone rang, and I answered it. Dispatcher Marinda Womack #107 advised me that she had just received a call of a possible triple homicide. Womack stated that the homicide occurred at the Arrow Wood apartments 1200 W. Taylor #340.

I turned to Officer Dawsey and Officer Miller and told them to start towards Arrow Wood apartments code three. I then told the other officers to respond also. Dispatcher Womack told me that Paul Boren had gone to that location and found his daughter, Laura, and two grandchildren stabbed. Boren told Dispatcher Womack he believed all

three were dead because they were blue.

As I was leaving the station I went to Dispatch and advised Dispatcher Womack to send EMS, but tell them to stage if they arrived before officers. I then went out the back door of the Sherman Police Dept. and responded to the scene in unit #295. I ran code three with lights and sirens to the scene.

I was the first officer to arrive on the scene at approx. 0725 hrs. When I arrived on scene there was a white female standing across from building ten. I asked her where apartment #340 was, she pointed towards building ten and stated it's the top one. She then stated, "He left, no one is up there". I took this to mean that Paul Boren had left.

I pulled into the parking area in front of building ten. Officer Dawsey arrived shortly after I did. I approached the apartment up the stairs. As I was moving up the stairs, I noticed that the door jamb was broken and that the door was standing open. I drew my department issued handgun, and stopped at the top of the stairs to allow Officer Dawsey to catch up. I then told him that we were going to conduct a protective sweep of the residence to see if any victims or suspects were inside.

When I got to the threshold of the door I shouted in a loud clear voice "Sherman Police Department". I then moved into the living room of the apartment and immediately noticed a white female lying on the ground. The white female had a large gaping chest wound, and blood on her upper torso. The white female was pale and appeared dead.

As I visually cleared the room, I moved past the deceased female and looked into the kitchen. I then shouted again "Sherman Police Department" and stepped past the deceased female to move down the hall. In the two bedrooms that were down the hall, I did not observe any suspects.

In the bedroom that was on the northeast corner of the apartment I observed two small children with knife wounds to the chest. One of the children, who appeared to be approx. age four, was lying in a toddler bed against the north wall. There was a large open wound in the child's chest and blood on the wall. A toddler was lying in the floor with a large wound in her chest. There was a large amount of blood in the crib, and it appeared that the suspect had begun the assault in the crib and then removed the child and placed her in the floor. Both children were pale and appeared deceased.

I then moved back down the hallway to where Officer Dawsey was. I told Officer Dawsey what I had seen and told him to move back out of the apartment. We then moved out of the apartment. As I was leaving the apartment Officer Ferguson and Officer Guedea were arriving. I told them to start putting up crime scene tape and protecting the area.

INCIDENT REPORT

SHERMAN POLICE DEPARTMENT  
317 S TRAVIS

While I was enroute, I had notified Dispatch to call Lieutenant Fair. I called Dispatch after the protective sweep, and told Dispatcher Womack to contact Sgt. Blankenship and on-call CID.

I then told Officer Dawsey to begin a crime scene log and log everyone that entered the area at the base of the stairs. Officer Dawsey entered me into the log and himself. I noticed that Sherman Paramedics were now on scene. I called to the Lieutenant and motioned him over. I told the Lieutenant that the bodies appeared to be deceased, but that I would like to take a Paramedic into the crime scene to double check. I then escorted one Paramedic into the crime scene and allowed him to check for signs of life in all three victims. The Paramedic found no signs of life and we immediately left the apartment.

I directed officers to cordon off a wide crime scene around the base of building ten, and begin controlling the area as people were entering and leaving the parking lot. I did this to preserve any evidence that may be further out of the crime scene.

I then spoke to Lieutenant Fair on the phone again and told him a brief synopsis of what I had found. Officer Ferguson began to canvas the building getting names and apartment numbers of the residents who had been at home throughout the night. Officer Guedea strung crime scene tape, and then began to canvas one of the other buildings nearby.

I then stood by near the base of the stairs waiting for Lieutenant Fair and CID to arrive.

During my protective sweep of the apartment and the second time I entered with Paramedics, I noticed that the kitchen light was on. The living room light was not. In the hallway there was no light on, and in the parent's bedroom no light was on. In the children's room the light was on and a small 13 inch TV was playing cartoons. The window to the children's room appeared to be slightly open. I observed blood in the crib and blood on the north wall.

When Sgt. Blankenship and Lieutenant O'Toole arrived, I briefed them on what I had done up until this point. We then walked to the base of the flight of stairs that leads to apartment #340. We noticed blood evidence on the hand rail. We then walked to the entry of the apartment and Lieutenant O'Toole and Sgt. Blankenship observed the deceased adult female. We then went back down stairs and Sgt. Blankenship advised that we would obtain a search warrant before continuing.

I stood by the base of the stairs and directed the patrol units. Officer Dawsey continued to maintain the crime log. Officer Dawsey maintained the crime log until he was relieved by reserve officer Tony Leone.

I remained on scene until approx. 1337 hrs. at which time Lieutenant Fair advised that patrol was released from the scene.

Follow-Up Narrative: 03/27/04 1054 Mauldin 040 164

On 03/27/04 I was contacted at home by Dispatch and was advised that there had been a triple homicide and that they needed me to come to the station to work.

I arrived to the back door of the Sherman Police Dept. at 0936 hrs. and stepped into the hallway. As I stepped into the hallway, Dispatcher Marinda Womack stepped out of Dispatch into the hall and stated the suspect Andre Thomas is in the lobby.

I proceeded to the lobby of the Sherman Police Dept. where I observed a black male subject I later identified as Andre Thomas on the Dispatch phone. I took Mr. Thomas off the phone, placed him on the south wall of the lobby, and frisked the subject for weapons. As I was frisking the subject for weapons, the suspect made the comment "Will I be forgiven?". I advised Andre Thomas that I knew nothing about the case that I had just arrived at the station. At that point Detective Brice Smith #115 entered the lobby and approached suspect Thomas and handcuffed him behind his back. I later double-locked the handcuffs.

At that point Thomas advised Detective Smith #115 that he was hurt. Thomas showed Detective Smith injuries to his chest that he stated were stab wounds. At that point Detective Smith #115 requested Dispatch to send an ambulance to the back of the Sherman Police Dept. I then escorted suspect Andre Thomas to the book in room and handcuffed him to the bench.

Shortly after that Paramedics arrived and began to attend to suspect Thomas. At that point I un-handcuffed Thomas and removed his shirt. I then turned to Detective Brice Smith #115 and requested a paper bag to place the shirt in. Detective Smith returned with several paper bags and I placed the shirt into one of the bags and handed it to Detective Smith #115, and advised him that if I was going to keep up with the suspect he would need to take charge of that bag of evidence.

Sherman Paramedics attended to Thomas and placed a bandage on his chest. Subsequent to that it was decided by Paramedics that the suspect needed to be transported to the hospital. At that time the suspect was placed in the ambulance behind the Police Dept. and Paramedics attended to him for several minutes while I waiting outside the back door of the ambulance. Once the Paramedics advised that they were ready to transport the suspect, I rode in the back of the ambulance to the hospital with the suspect.

When we arrived at the hospital, hospital personnel directed us to emergency room number two. Once we entered ER #2, hospital personnel began to attend to suspect Thomas' injuries. I advised hospital personnel that if all possible we needed to remove his clothing without cutting it. At that point I approached suspect Thomas and removed

his shoes. I took charge of those shoes at 0953 hrs. and placed them in a brown paper evidence bag. At that point hospital personnel requested that I remove the handcuffs from suspect Thomas, and I did so.

Hospital personnel removed suspect Thomas' camo pants at 0954 hrs. and I took charge of them at that time and placed them into a brown paper evidence bag. At 0956 hrs. hospital personnel removed suspect's briefs and I took charge of them at 0956 hrs. and placed them into a brown paper evidence bag. Hospital personnel removed suspect's left sock at 0956 hrs., and I took charge of that sock at that time and placed it into a brown paper evidence bag. Hospital personnel then removed suspect's right sock at 0956 hrs. and I placed it into a brown paper evidence bag. At 0957 hrs. hospital personnel removed the bandage that had been applied by the Sherman Paramedics, and I took charge of that bandage at 0957 hrs. and placed it into a brown paper evidence bag. As I took each of these items I wrote down what was in the bag, the time it was recovered, they were taken in ER #2, and my name Mauldin #040.

Later at the Sherman Police Dept. I tagged each of these items with Sherman Police Dept. evidence tags.

Officer Marc Miller #114 was also in the ER while I was recovering these items. Shortly after bagging each of these items, Detective Sgt. Blankenship #036 arrived. At that point Detective Sgt. Blankenship #036 assigned Officer Marc Miller #114 to watch the suspect in ER #2. Detective Sgt. Blankenship #036 then transported me to the Sherman Police Dept. All during that time I had possession of the items taken as evidence.

Once I had reached the Sherman Police Dept. and had tagged each of the items, I made this follow-up report. At 1117 hrs. I contacted Sgt. Blankenship #036 and asked him if he wanted me to place those items directly into the evidence lockers. Sgt. I arrived at that location at 1151 hrs. and saw what appeared to be rolled up burned clothing next to the traffic island at the corner of the south control road of U.S. 82 and the east control road of U.S. 75.

I called Dispatch and had them advise Sgt. Blankenship #036 of what I had located. Sgt. Blankenship #036 came to my location and decided that the items did need to be photographed and collected as possible evidence in this case.

I photographed the evidence and the scene where they were located at 1210 hrs. on 03/27/04. I did not unroll the bundle of clothing, but it appeared to be a dark blue pair of jeans and possibly a blue plaid shirt and a grey t-shirt. Also near the clothing was a burn mark on the traffic island. At the burn mark was what appeared to be a brake master cylinder cover.

All of these items were photographed, and all of the items were collected as evidence at 1213 hrs. on 03/27/04. Sgt. Blankenship #036 had a white plastic bag that we attempted to place the items in. When we placed the items in the white bag, it split down the side. I took charge of the items at that time and placed them in my unit and transported them to the Sherman Police Dept.

Once I arrived at the Sherman Police Dept., I placed the white bag and contents into a brown paper evidence bag. I tagged it as evidence, and placed it into an evidence locker at the Sherman Police Dept.

At that time Mrs. Everett informed me her son worked with the victim at Kentucky Fried Chicken. Mrs. Everett went and woke her son up, and when he came into the living room I asked Alex Everett if Laura had been at work the previous evening, and he stated no.

I attempted to make contact with the occupants in apartment #341 and #142 with no success.

I asked if he was the owner and occupant of the trailer at lot #15, and he stated yes. I asked Danny Thomas if there was anybody located in the trailer, and he stated no. I contacted Sgt. Blankenship and informed him I had made contact with Danny Thomas at lot #15. He asked me if I could obtain consent to search for the property that there was a possible weapon located at the residence.

My in car camera system was recording video, but was unable to record audio, therefore, I took my micro cassette tape recording device and put it in my shirt pocket to record my conversation with Danny Thomas. I approached Danny and informed him that we are looking for an item and asked for consent to search his trailer. Danny Thomas gave me consent.

Detective Young arrived at my location and provided me with a written consent to search form. I read the written consent to search form to Danny Thomas, filled it out, and he signed it. After the consent to search form was filled out and signed, Detective Young and myself made entry into the trailer. Danny Thomas had informed me earlier that his son had been at the trailer twice that morning and made phone calls both times. The second time he had arrived at the trailer he used the phone he had went into the bathroom area of the trailer. Detective Young went to this area and began photographing.

Danny Thomas had informed me earlier that Andre Thomas had actually occupied a trailer in Crossroad Mobil home park not too far from his. Thomas pointed to a trailer across the drive within a hundred yards. At that time I informed Detective Young that I would go to that location and stand by.

At approx. 1020 hrs. I arrived at lot #100, Andre Thomas' trailer, and maintained the integrity of the trailer. At approx. 1030 hrs. a white female, later identified as Carmen Hayes, arrived at the trailer telling me that lot #100 was her residence. She informed she lived with Andre Thomas. I asked her if she aware of what was going on, and she stated she had taken Andre to the police station to turn himself in. I asked her if she was informed on what was going on, and she stated that Andre had confessed to murdering his wife and two children. At that time I asked Ms Hayes to go through the entire story about what had occurred.

Ms Hayes told me at approx. 0830 hrs. on 03/27/04 Isaiah Gibbs had come over to her residence to see Andre, but when he stuck his head into the door Hayes informed him Andre was not there. She stated a short time later Andre came home and he seemed to be in a daze, he turned to the right and Isaiah said hey man what's up and Andre turned back to the left entering into the living room area of the mobil home and stated he had just killed Laura, [REDACTED], and [REDACTED]. Carmen stated that she believed he was kidding and Andre replied what do you want to do look in the bag. Hayes stated Andre began talking that Laura was Jezabel from the Bible and this had to happen.

Hayes stated Andre had stabbed himself and he took off his shirt to show them. Ms Hayes asked Andre if he was going to turn himself in, and he said yes. By the time they attempted to find a ride at Brandon Patterson's house, but the car was gone so they proceeded to Raquel's house where she agreed to give them a ride to the police station.

After hearing what Ms Hayes had to say I gave her a voluntary statement not under arrest form and asked her if she would sit down and fill the document out, and she stated yes. At that time Ms Hayes sat down and gave a written statement. I informed investigator Young and Sgt. Blankenship what Ms Hayes had relayed to me. Sgt. Blankenship informed me investigator Smith was in process of obtaining a search warrant for lot #100. At 1050 hrs. Carmen Hayes completed her voluntary statement containing the following;

This morning at about 0830 hrs. Isaiah Gibbs came into the apartment to look for Andre, he found me. We started talking and about five minutes later Andre came home he was upset and breathing heavily. He said to us that the police were coming soon. I asked him what he did, and he said I killed Laura, [REDACTED], and [REDACTED]. I asked him if he was kidding and said what do you want to look in the bag, I said no why do you think I want to see that. He sat down at the bar and I asked him why, he said that he thought Laura was Jezabel and he has had this happen before. He thinks he relives days and weeks. I tried to calm him down, he took his shirt off and showed us that he had stabbed himself twice in the chest. He was freaking out because he should have been dead and he wasn't. I asked him what he was going to do, and he said he did not know. I told him he should turn himself in and he agreed. He wanted me to go with him and I told him I to work at 1100, but if we could find a ride there I would go. We went to Brandon's, his counsin, and asked him if he could give us a ride. His girlfriend was gone with the car, so I asked him if he wanted to go to Raquel's. I gave her gas money and she took us to the police station so he could turn himself in. (End of statement by Ms Hayes).

I asked Ms Johnson where Andre Thomas was sitting on the way to the police station. She informed me he was sitting in the back right passenger seat. When I opened the passenger side of the vehicle, I lifted up the seat and began searching the back portion. There was a child safety seat sitting in the rear left seat. I was unable to locate any evidence. At approx. 1100 hrs. Raquel Johnson was released.

At approx. 1315 hrs. investigator Smith arrived at our location with the search warrant for lot #100. Investigator Smith and Investigator Young made entry into the residence to conduct their search. I stayed with Ms Hayes, and spoke with her more about the events between her and Andre Thomas

On Wednesday 03/24/04 Andre Thomas stopped speaking at approx. 1330 hrs. on Thursday 03/25/04 Ms Hayes informed me Andre had walked her to work at approx. 1100 hrs. At approx. 1615 hrs. Andre arrived back at Sonic driving his mother's car. Ms Hayes stated she got off at approx. 1700 hrs. and they went to the drug store and bought two boxes of cough and cold medicine. At that time in the parking lot both Ms Hayes and Andre Thomas took ten pills each in attempt to get intoxicated from the medicine. They went back to lot #100 at Crossroad mobile home park and then proceeded to Bob's to cash Ms Hayes' check and to buy alcohol. At approx. 2330 hrs. Ms Hayes stated Andre stabbed himself with a small knife and threw it under the desk in his bedroom. Because of taking the pills and drinking the alcohol, Ms Hayes said she was unaware of Andre stabbing himself. At approx. 0600 hrs. Andre's mother transported him to Wilson N Jones where he was treated for the stab wound. On Friday 03/26/04 Ms Hayes stated Andre returned home from the hospital at approx. 1000 hrs. and broke up with her. During the day on Friday Ms Hayes stated she and Andre did their own thing and she had went to bed at approx. 2030 hrs. Ms Hayes stated that at approx. 0600 hrs. she woke up to the front door of the residence opening and closing, she was unaware of whether Andre was coming or going. At approx. 0815 hrs. to 0830 hrs. she woke up when Isaiah Gibbs arrived then she stated at approx. 0830 hrs. to 0900 hrs. Andre arrived back home, and had confessed to murdering his wife and children. Ms Hayes informed me during the confession, Andre had mentioned that he had seen Bryant as he was going to the apartment to perform the murder.

At approx. 1500 hrs. Isaiah Gibbs arrived at lot #100 and I asked him if he would come speak with me. As he was approaching me he asked if it was true and I stated yes. I asked if he could recall the events that transpired this morning, and he stated yes. was wrong and Andre stated he had killed Laura and the kids. He stated that he had stabbed and cut their hearts out. Isaiah asked him if he was kidding and he stated if you think I'm kidding go look in the bags as he pointed towards the kitchen area. Andre then showed Isaiah the wounds on his chest from him stabbing himself with a butcher knife. Isaiah stated he had seen a wound on his chest from the previous night, but it appeared to be much larger and deeper than before. Isaiah stated he tried to comfort Andre when he decided to turn himself in. Isaiah stated he, Andre, and Ms Hayes went to Brandon Patterson's residence to attempt to find a ride and he fell asleep.

After receiving this statement from Isaiah Gibbs at the scene, I asked him if he would come to the police station and give a more detailed statement and he stated yes. I asked Ms Hayes if she would do the same thing and she said yes.

At approx. 1530 hrs. Investigator Young and Investigator Smith left lot #100 to proceed back to police station transporting Gibbs and Hayes. I stayed at lot #100 until it could be secured by the manager of the mobile home park. At 1550 hrs. the trailer was secured with a pad lock, and I proceeded to the police station. Investigator Young and myself performed an interview with Ms Hayes and Mr. Gibbs. The information consisted of information already detailed in this report.

After the conclusion of the taped interviews, I tagged the micro cassette tape which I used in recording the conversation between myself and Danny Thomas, myself and Ms Hayes. I tagged the written statement in which Ms Hayes wrote. I tagged the consent to search form Ms Johnson had signed and the consent to search form Mr. Thomas had signed, and tagged the video tape from my patrol unit. Officers Wood, Gibson and I arrived at approx. 1056 hrs. After being briefed by Lt. Fair, we set up the Electronic Total Station (Sokkia Set6F) and the SDR 31 outside the apartment building and began forensically mapping the outside area requested by the investigators.

At approx. 1320 hrs we moved inside the apartment to map the interior. Interior evidence/reference points were mapped according to investigators. Sgt. Charley Smith, also a member of CAIT arrived at approx. 1400 hrs and assisted in mapping the scene when Officer Wood left at 1500 hrs. We completed mapping the scene at approx. 1600 hrs.

The data from the SDR31 will be downloaded into Mapscenes software to complete the diagram of the crime scene.

FOLLOW UP NARRATIVE: CAPITAL MURDER, 03/30/04, 1435, DITTO (021)

On 03/27/04, I received a call from Dispatch (Womack) at approximately 0735 hrs. She advised that there had been a triple homicide at the Arrow Wood Apartments #340.

When I checked in service, Sgt. Blankenship called and requested that I go to the P.D. and pick up equipment that might be needed at the scene. I went to the P.D. first and picked up some equipment and then responded to the scene. Sgt. Blankenship also advised me that the victims were a mother and her two small children.

Upon my arrival I was met by Lt. O'Toole, Sgt. Blankenship, and Sgt. Mullins. I was briefed on what they knew at that time, which was that they had received a call from Laura's father reporting the offense. Officers had responded to the scene and confirmed that all the victims were deceased.

Det. Brice Smith and Det. Larry Bell arrived on scene and were advised to go to Burger King and attempt to locate Witness (B Hughes). Det. Smith was also to prepare an affidavit for search warrant and then obtain a search warrant to allow us to enter the scene and conduct a crime scene search.

Texas Ranger W.A. (Tony) Bennie had been notified and arrived a short time later. We photographed what appears to be blood stains on the handrail on the stairs, leading to apartment #340. We then used cotton tipped swabs to collect samples of the blood from the handrail.

I photographed a blood drop at the top of the stairs, just outside the door of apartment #340.

I then walked the grassy area behind the apartment building, searching for evidence that might have been dropped by the Suspect, but did not locate

any. There were tire tracks in the grass, but they appeared to have been made some time in the past. It appeared that vehicles had gone in and out of this area repeatedly, and possibly were made by workmen in the area.

Det. Steve Dean arrived on scene with a video camera. I requested that he video tape the license numbers and descriptions of all the vehicles parked in the area of the crime scene. As he did that, Det. Trisler and Officer Ferguson followed Det. Dean and checked the area under and around the cars for possible evidence, but did not find any.

During this time period we were advised that Suspect (Thomas) had come to the P.D. and confessed that he committed this offense. He was arrested and transported to Wilson N. Jones Hospital for treatment of reported self-inflicted stab wounds.

Det. Smith arrived with a search warrant that allowed us to search Victim's apartment. Ranger Bennie and I entered the apartment first and walked through the scene to assess the scene. We found Laura Thomas laying on the floor in front of the entrance to the hallway. She was on her back with her head to the West and feet to the East. She was nude, and was laying with her arms spread apart. There was a large wound near her left breast, and a large amount of blood under and around her. The two children were found in the bedroom at the far end of the hall. [REDACTED] was laying in a Toddler bed on his back. He was clad in blue jogging pants and socks. There was a large wound in his chest. There was also what appeared to be a lung laying on the mattress just above his head.

[REDACTED] was found on the floor near [REDACTED] bed. She was also laying on her back, and was clad in blue sweat pants and socks. There was a large wound in her chest. The baby bed where [REDACTED] had presumably been sleeping was against the West wall. There was a large amount of blood in the bed, indicating that the attack on her had begun there. Her attacker had removed her body from the bed and placed it on the floor where she was found.

We also located spots of blood in the kitchen near the sink and counter. There was a drop of blood on the floor and smaller ones on the edge of the counter, on a knife block, and on the wall behind the counter.

There was a roll of gray duct tape laying on a chair just inside the front door of the apartment. We also located a man's visor laying on a chair near the body. This visor had what appeared to be a small spot of blood on the bill.

Det. Dean video taped the scene as I escorted him through it. Ranger Bennie and I then took still photographs of the scene. Ranger Bennie used a 35mm and I used a digital camera. The disks from the video camera were tagged and placed into evidence.

Ranger Bennie and I took blood samples (using cotton tipped swabs) from the various places in the crime scene. Blood samples were placed into small

manilla envelopes, all of which were placed into a paper sack, tagged, and placed into an evidence locker after we cleared from the scene.

Judge Middents was called to the scene and I escorted him into the apartment. He pronounced the victims dead at 1144, 1146, and 1148 hrs. and ordered autopsies on all three.

Waldo Funeral Home was summoned to the scene to transport the bodies to Dallas for autopsies. The lung found in [REDACTED] bed was placed into paper sacks and sent with the bodies to the M.E.'s office.

CAIT Officers (Dittfurth, Smith, Gibson, & Wood) were then brought into the apartment. They completed the forensic mapping of the scene.

Ranger Bennie, Det. Dean, and I cut out the section of bloody carpet where Laura Thomas had been laying. We also cut out the section of bloody carpet from where [REDACTED] had been laying. We wrapped these pieces in paper sacks and tagged them as evidence.

Other items that were removed from the apartment at the request of County Attorney Joe Brown were a framed family photo. This photo shows the three victims, Witness (B Hughes) and his other children. We also collected a framed child's bedtime prayer from the bedroom wall above where both children slept.

All of the items of evidence collected from the apartment were placed in my car and transported to the P.D. where they were tagged and placed in evidence lockers.

On 03/28/04 Ranger Bennie and I met at the P.D. at 0600 hrs. We gathered the body organs recovered from Suspect's (A Thomas) residence and placed the bag into an ice chest. We then traveled to the Southwest Institute of Forensic Science (SWIFS), arriving there at approximately 0740 hrs. The autopsies began at approximately 0800 hrs. Dr. Pinckard conducted the autopsy on [REDACTED]. He determined that the left lung and heart were both missing from [REDACTED] body.

Dr. Spotswood conducted the autopsy of [REDACTED]. She discovered that the heart was missing from her body.

Dr. Young conducted the autopsy of Laura Thomas. He discovered that the upper lobe of her left lung was missing.

We received samples of the hearts and lungs that had been submitted, as well as FTA cards (blood standard), hair standards from each victim, fingernail standards, clothing from [REDACTED] and [REDACTED], and the breastplate from each body. The breastplates were sealed in plastic with formalin, which is a preservative. It may be necessary to submit these to a lab for comparison of the marks on the bone with the knives recovered from suspect's residence.

(Continued from above segment)

On 03/29/04, I received a call from Sgt. Blankenship, who advised that Suspect was being released from the hospital, and had agreed to speak to me about this offense. Sgt. Blankenship advised for me to meet him at the P.D. at 1300 hrs.

When Sgt. Blankenship and Officer Caver arrived at the P.D. with the Suspect, he (Suspect) was in a wheel chair. He was escorted to the Interview Room on the second floor. He was able to walk into the room and sit in a chair. I entered the room a short time later and introduced myself to him. I then advised him of his rights and he agreed to waive his rights and talk to me. During the interview Suspect confessed that he killed all three of the Victims. He claimed that God told him to kill them, but also said that he knew that it was wrong. He seemed reluctant to discuss removing the body organs. The entire interview will be transcribed and included in the case file. The interview was terminated when Suspect said that he did not want to talk about it anymore because he was tired. I gave him my business card and told him that if he decided that he wanted to talk to me later, he could have one of the Jailers call me. (See transcription)

On 03/30/04 Ranger Bennie and I went to the Property & Evidence Division of the Sherman Police Department. There we sorted evidence collected in this case and decided what needed to be taken to the DPS Lab in Austin, Texas.

As we finished sorting through the evidence, I was advised by Dispatch that Natalie Sims had called and advised that Suspect was requesting to talk to me. I advised Dispatcher Jo Shaw to mark the recording of this call so that it could be copied for evidence.

Ranger Bennie and I then went to the Grayson County Jail, where we spoke first with Natalie Sims, who is a Nurse at the jail. I took a tape recorded statement from her, in which she related that Suspect had asked her to call me and advise that he wanted to talk to me. In this statement Sims related that in her professional opinion Suspect was alert, knew where he was, and was able to carry on a conversation. Sims removed Suspect from the holding cell and had him sit in a wheel chair. She took him to her office, and Ranger Bennie and I accompanied them. Once inside the office I activated my audio tape recorder. Sims asked if she should stay or go, and I told her that it was up to Suspect. He advised that he wanted her to stay and she did. I advised Suspect of his rights and he said that he understood them and agreed to waive those rights. I asked him to tell us about what had happened on Saturday morning, and he began to relate the sequence of events. Suspect related that he had walked to Laura's apartment that morning. He said that he was walking on McGee street when he saw Witness (B

Hughes) driving his car to work. Suspect said that Witness (B Hughes) raised his hand up in what he (Suspect) took to be a motion for him to go on to the apartment. (Hughes had told an Investigator that when he saw Suspect, he waved at him, and Suspect threw his hands up in the air) Suspect related that when he saw Witness (B Hughes) make the motion with his hand, he threw his hands up in the air, and then continued walking. Suspect claims that as he reached the apartment complex he saw a woman outside, and felt compelled to speak to her, but did not do so. He said that he went to Laura's apartment, knocked on the door, and then shouldered it open. He told us that he had taken a roll of duct tape in case he needed to tie someone up, but didn't need it. He told us that he took three knives, so as not to cross-contaminate the blood.

Suspect related that when he broke into the apartment he saw Laura run down the hall toward him. He said that he stabbed her in the heart and she fell down and was bleeding. He said that she said, "No" when he stabbed her. He then told us that he cut her heart out, and went down the hall to the kid's room. He told us how he stabbed his son ( ) first and that he woke up and said, "No" while he was holding him down. Suspect told us that he cut his son's heart out and then turned to the little girl.

He first told us that he pulled her out of her bed and put her on the floor where he stabbed her. I questioned him about this, and he corrected himself and related that he had stabbed her while she was laying in the baby bed, but then pulled her out of the bed and laid her on the floor so that he could cut her heart out too.

Suspect went on to tell us that he put the hearts into the pockets of his overalls, took the knives and left. He also said that the alarm on the door as well as the alarm clocks were going off when he left. He told us that he left the roll of duct tape there.

Suspect related that he was walking past the church across from Fairview School when he heard the first sirens. He went on to tell us the approximate route he took going back to his residence. When he got there he told Karman Hayes what he had done. A short time later they came to the P.D. and he turned himself in. (See transcription)

On 03/31/04 Ranger Bennie picked up the items of evidence that we wanted analyzed, and drove to the DPS Lab in Austin, Texas.

On this date Det. Bell sent an email message relating that Officer Hapiuk had called to tell him that two students in Dillingham AEP had come to him with the information that Suspect had been saying that if he could not have Laura, no one could. Det. Bell and I went to Dillingham AEP this afternoon in an attempt to contact these subjects, but learned that neither one had come to the AEP class today. I will attempt to contact them tomorrow.

On 04/01/04 Ranger Bennie and I went to 812 E. Brockett in an attempt to locate [REDACTED]. We spoke with an elderly B/M who advised that [REDACTED] did not live there, but lived on the corner of Maxey and College. We then went to 822 N. Maxey and knocked on the door, but got no answer. I left my business card with a note requesting that [REDACTED] call me. [REDACTED] called later and advised that he would be at the house across the street from 822 N. Maxey at 1430 hrs. and I could meet him there at that time.

We then went to 2700 S. Travis #221, in an attempt to locate [REDACTED]. After getting no response at the door, we spoke with the apartment Manager, who advised that [REDACTED] had not lived there since April of 2003. She did not have a forwarding address.

At 1430 hrs. Sgt. Blankenship and I went to the house across from 822 N. Maxey, where we found [REDACTED] sitting on the front porch. I asked him about what he had told Officer Hapiuk, and he denied telling him that Andre had ever said anything about Laura. He claimed that [REDACTED] was the one who said that she heard it. I asked him to repeat her name as I was not sure that I had understood it correctly, and he said that it was [REDACTED], but that her real name was [REDACTED]. He also gave us directions to her house on College street. We then drove to the house he described, and observed a B/F sitting on the front porch. As we got out of the car she jumped up and ran into the house, emerging a moment later with a cordless telephone, which she had apparently just answered. I was close enough to hear her say, "They just got here. What do they want?" She listened for a moment and then hung up. I introduced myself and Sgt. Blankenship and asked if that was [REDACTED] she had been speaking with. She confirmed that it was, and asked what we wanted. I asked her what [REDACTED] had told her and she indicated that he did not tell her. I then told her what [REDACTED] said and she denied that Andre had ever told her anything like that. She claimed that it was just everyone talking as a group and someone, maybe [REDACTED], had made the statement that Andre had said that if he couldn't have Laura then no one could.

After we left the house on College street, we called Det. Bell and asked him to check with the school and find out what address they had for [REDACTED]. He called back a few minutes later and gave us the address of 909-B W. Laurel. We then drove to that address and knocked on the door, but got no response. I left my business card with a note requesting that [REDACTED] call me.

After my return to the P.D. I received a call from a female who said that she was a sister to [REDACTED] and had found my business card. She advised that [REDACTED] did not live there but lived at 906 W. Birge.

I then called Officer Ward who was working off-duty security at the Dillingham AEP, and asked him to call me when the 1600 hrs AEP class arrived and advise if [REDACTED] was there or not. In the meantime Lt.

O'Toole and I drove toward 906 W. Birge. Before we got there Officer Ward called and advised that [REDACTED] was in the AEP class. We drove to the old Dillingham school on Loy Lake rd. where we met Officer Ward. He brought [REDACTED] out into the hallway to meet with us. After introducing ourselves to him, I asked him about Andre. [REDACTED] gave a tape recorded statement in which he advised that he had known Andre Thomas for the past five years, and that they had been close friends. When asked about hearing him say that if he couldn't have Laura then no one could, he admitted that he had heard Andre say that, but it had been about four years ago. We questioned him as to why he could remember that so clearly, but was not clear about why Andre would have said it. [REDACTED] would not or could not give us a clear answer to that question, and could not recall other things in the much more recent past than that. He also claims that he had not spoken to Andre in the past year. The audio tape from this interview was taken to the P.D. where I tagged it and placed it into an evidence locker.

On 04/06/04, I went to Logan's Roadhouse (restaurant) and spoke with Julie Murphy, who is the General Manager. She advised that he was hired as a Dishwasher, and had last worked on 03/23/04. She gave a statement in which she related that until the day he did not report for work as scheduled, he had been a good employee, and had told her that he intended to be the best Dishwasher that she had ever had. She knew of no problems at work or in his personal life.

I was advised to call Larry Caylor of the Austin College Police in reference to this case. Upon speaking with him, he advised that a woman who is employed at the Credit Union there told him that her daughter, Summer Sherman, has known Suspect (Thomas) since high school, and worked with him at Logan's Roadhouse. This woman went on to relate to Caylor that Summer had told her about a big disturbance caused by Suspect (Thomas) on the day before the murders. I obtained a cell phone number from Caylor for Summer Sherman, and called it. I left a message on her voice mail requesting that she call me back. I also called her home telephone number and left a message on the answering machine asking her to call me. As of this writing

she has not returned my calls.

On this date I went to 120 W. Texas, which is the listed address for Summer Sherman. I knocked on the door and rang the doorbell, but got no answer. I left my business card with a note, requesting that she call me, on the front door.

I then drove to Logan's Roadhouse, where I found that Julie Murphy was not at work today. I did speak to Alan Byrd, who identified himself as the Kitchen Manager. He gave a statement relating that he had met Suspect (Thomas) when he interviewed him for employment. Mr. Byrd related that he did not know of any problems with Suspect (Thomas) and had not seen or heard of any problems or abnormalities since learning of the murders. He also advised that Suspect (Thomas) had been a good employee.

I obtained the names of two other dishwashers who worked closely with Suspect (Thomas). They are J.B. Mayo and Sam White, neither of whom are scheduled to work today. Both should be at work on 03/28/04, and I will attempt to interview them then.

I also asked about Summer Sherman, and was advised that she is not scheduled to work today, but is scheduled to work at 1600 hrs. on 04/08/04.

I received FAX copies of payroll information for Suspect (Thomas) from Alan Byrd.

The audio tape from Alan Byrd and the payroll records for Suspect (Thomas) were taken to the P.D. tagged as evidence and placed into an evidence locker.

I had been called at home by dispatch concerning a triple homicide. I told dispatch to call Lt O'Toole (033) and I would respond to the scene. On my arrival at the Arrowwood Apts on Taylor Street I met Sgt Mullins (130)

Mullins briefed me that there were three people inside the apt he pointed out that had been murdered. When Lt O'Toole arrived Mullins, O'Toole and I approached the apt and I noticed a bloody handprint on the stair rail, which I pointed out for them to avoid. We entered the front room through the front door which appeared to have been kicked open. In the front room near the entrance to a hallway lay an adult female who was

completely nude. She had a large open wound between her left breast and the center of her chest. She appeared obviously dead (I had been told that SFD personnel had determined death on all three victims prior to entry). At this point we look around for a minute and I remarked that we should leave rather than continue and chance disturbing any evidence.

I then assisted Lt O'Toole with assigning investigators to different chores and requested that Texas Ranger Tony Bennie be called.

Officer Ditto (021) and Bennie were to work the primary crime scene at nad in the apt.

Officers Robinson (147), Bell (092), and Smith (115) were to locate the man who lived with the adult victim; Bryant Hughes.

When it was learned that the adult victim's estranged husband was believed to be at his house in Crossroads MHP I sent officer Ferguson (168) to that location to determine if the man was there and I would follow. This man was Andre Thomas.

As I started to that location I was called and learned that Thomas had been arrested at the SPD lobby by Smith. Thomas had turned himself in and confessed to this crime.

I went to the home of Thomas and waited there with Ferguson and Young (161) until Smith brought a search warrant. I then supervised the search and evidence collection at that location. At one point I brought Smith a plier from my unit to take the kitchen sink trap due to the knives believed to be involved found in this sink and partly washed off. Smith was unable to get the trap loose and I worked on it briefly until it was loose enough for him to take off. While I was doing this I observed Young reach into the kitchen trash and pick up a plastic bag and look inside it. He related that he had found what we were looking for.

When I got up from the sink trap area I look inside this bag and observed what appeared to be three pieces of some internal organs. I placed the sack back inside the trash container and told Smith to photograph prior to collection.

Note this section is out of order:

Prior to the search of the suspect home I had returned to the primary scene at the apt of the victim. I spoke to officers involved in the scene search and learned that the original belief we had that some internal organs had been removed from the victims was being confirmed after a closer viewing. Also, by this time the suspect had told dispatch that he had cut out their hearts. Karmen Hayes (suspects live in girlfriend) had told Ferguson the same type information. I reentered the crime scene at the apt of the victim, wearing shoe coverings and gloves. No one else was present at this time. I viewed the bodies of all three victims and observed large holes in their chests consistent with what I was being told about the suspect cut out their hearts.

When I viewed the evidence found by Young in the suspects home kitchen trash I believed it consisted with the wounds I observed at the crime scene of the apt.

I assisted Robinson with collection of human properties evidence form the suspect in SICU room 10 in the presence of a nurse and officer Guedea (145). I arranged for very tight security by patrol officers and warned the

hospital supervisor of possible threats to the suspect and further suicide attempts.

Throughout the day I kept Lt O'Toole briefed on progress at the suspects home and I made several trips between the SPD, WNJ, the apt of the victim and the home of the suspect.

I collected no evidence and took no statements from anyone. My duties were supervisory in nature as i coordinated and directed officers under my command and other Patrol division officers for different tasks.

On Monday (03-29-04) I met officer Caver (156) at room 285 at WNJ where he was guarding the suspect. I introduced myself to the susepct who was sitting in bed and had bandages from his surgery on his chest. I asked him if he would be willing to talk to police about what happened Saturday morning. He said he wanted to talk to police. I told him it would take awhile to set up the interview and I would be back.

As I approached the door of the room the suspect asked me if he wasn't supposed to get a lawyer first. I was there to assess the suspects ability to make a statement at the time. I told him if he wanted to talk to police I would set it up. He said he wanted a lawyer before he spoke to police about the incident. I told him that he had said the magic words and police would be unable to discuss the matter with him until he obtained a lawyer.

I went to the hall with Caver and carefully instructed him to ask the suspect no questions, but to note anything the suspect said of his own will. I then started out of the hall area. Caver called me back and I returned to the room. I had gotten almost to the elevators.

The suspect told me he had decided to talk to police without a lawyer. I told him I was unsure if that would work at this point and I would call to find out where we stood now. I went to a waiting area across from the elevators and called the county attorneys office. When I got through to Joe Brown he referred me to Ashmore. I called Ashmore and related the incident to him. My question to Ashmore was could we now take a statment from the susepct without a lawyer for the suspect. Ashmore told me to take the statement by first Mirandizing the suspect and then clarifying the issue of the suspects statements to me and that the suspect had voluntarily restarted the process by initiating contact with police.

During this time frame the hospital was releasing the suspect from treatment. I notified Lt O'Toole and we made arrangments for transportation to SPD and an interview with the suspect. After a conversation with Ditto about my conversation with Ashmore Ditto began that interview as I observed. This interview was videotaped.

I observed the suspect relate that he had committed the offense. At some point the suspect made a remark that he was too tired to continue talking at that time. I instructed Ditto to give the suspect a business card and to tell him to call Ditto if he desired to talk again. Suspect was then taken by Caver to the back lot of the SPD and loaded into a marked unit for transportation.

SHERMAN POLICE DEPARTMENT

On this date at approximately 0800 hrs I was contacted by the on duty communications operator and advised that I needed to respond to 1200 W. Taylor in reference to a triple homicide.

Upon my arrival at the crime scene I made contact with Sgt. Blankenship and was instructed to respond to Wilson N Jones to meet with Officer Miller who is standing by with the family. I was to obtain a statement from the subject who found and reported the incident. This subject was going to be Paul Boren the victim's father.

Upon my arrival I did make contact with Officer Miller who was with the family and Mr. Boren. I was able to obtain a recorded interview from Boren who related that he was the subject who found and called the incident in to the police. Boren received a phone call around 0709 Hrs from a subject he knows as Bryant Hughes. Boren knows Hughes from Hughes living and having a child with Boren's daughter. Hughes asked Boren if he would go and check on Laura and the kids, because Hughes saw Andre Thomas walking around in the area of the apartments and he can not reach Laura on the phone. When Hughes made this call he was at Burger King where he works.

Boren then left his residence and went to his daughter's apartment which is located at 1200 W. Taylor #340. Upon his arrival he found that the front door had been forced open. He then entered the apartment and found his daughter Laura laying in the floor with blood all over her. Boren could tell his daughter was deceased and he started yelling for the kids. Boren then proceeded through the apartment to the bedrooms. When he reached the kids bedroom he found both of them deceased with blood all over them.

Boren then backed out of the apartment and was going to go find a pay phone. When he reached the parking lot he could not find a pay phone but did find some one in the parking lot and was able to use their phone to call the police.

Boren related that he never touched his daughter or the kids but he could tell they were already deceased when he arrived.

I then contacted Sgt. Blankenship and advised him of what I was informed of by Boren. I was instructed to seize Boren's shoes as possible evidence.

After obtained Boren's shoes he asked that I escort him to his residence to obtain more shoes. I did take him to his residence to obtain some more shoes.

Upon our arrival we went inside once inside Boren was going to check his answering machine and give me the exact time he received the phone call from Bryant this morning. Boren noticed he had some more messages. Boren then checked the caller ID and noticed somebody had called from Danny Thomas's residence. Boren knew this to be Andre's father residence. This call came in at approximately 0842 Hrs according to the caller ID.

Boren then played the messages on his machine so I could record the messages. The answering machine related that the message was left on Monday but the message was actually left on Saturday 27, 2004. This message was left by Andre Thomas. In this message he was saying something terrible is happening to him and he was afraid to go to the police, for someone to come and help, that he was going to be at home. Boren was able to tell me that Andre's father lived at 2424 Texoma parkway but did not know which lot. Boren said that Andre also live in the trailer park at that location just to the North of his father residence in a White trailer on the corner.

I was able to get an address from the on duty communications operator for Danny Thomas and it was 2424 Texoma Parkway lot #15. Andre did not show an address in this trailer park in the in house computer. I then contacted Sgt Blankenship and informed him of this information. I then took Boren back to the hospital where Officer Miller was located.

Upon my arrival officer Miller advised me that Andre had turned himself in at the police station. A few minutes later Sgt. Blankenship arrived and advised me that I needed to respond to 2424 Texoma parkway and met with Officer Ferguson in reference to Danny Thomas giving consent to search his residence.

Upon my arrival at this location I met with Officer Ferguson who filled out a consent to search form for 2424 Texoma Pkwy. #15 and it was signed by Danny Thomas giving myself and Officer Ferguson consent to search his residence.

Danny Thomas did tell me that Andre was at his residence this morning and used his telephone. While using the telephone Andre went into the restroom. After coming out of the restroom Andre hung up the phone and left. Danny said Andre did not say much and acted like he did not want to talk. Danny did confirm that the phone number on Boren's caller ID was his number.

Prior to entering this residence I photographed the outside of the trailer. Upon entering the residence I photographed the inside showing the area to be searched. I did search this residence and nothing relating to this incident was discovered.

During this search it was found that Andre's trailer was at lot #100.

Officer Ferguson went to that location and stood by while Det. Smith obtained a search warrant.

After I completed the search on Danny's residence I responded to Officer Ferguson's location. Upon my arrival I made contact with officer Ferguson who was in the process of talking with two female subjects. Ferguson informed my that the subject with the dyed pink hair was going to be Andre's roommate, Carmon Hayes, and the other subject was going to be Rague

Johnson who gave Hayes and Andre a ride to the police station. Ferguson was also in the process of getting consent to search Johnson's vehicle for evidence.

I photographed the vehicle bearing Texas registration F93WXB which was Johnson's vehicle. The vehicle was then searched and no evidence was obtained, according to Johnson Andre rode in the back seat on the way to the police department.

While waiting on Det. Smith to arrive with the Search Warrant I obtained a detailed recorded statement from Carmon Hayes who Andre confessed to. In Hayes's statement she related that this morning some time approx 0630 hrs she heard the door shut to the trailer house. Carmon then went to sleep and the next thing she noticed was when Isaih Gibbs knocking on the door. Isaih was looking for Andre and Andre was not at home:

Isaih and Carmon went into the living room. About 5 minutes later Andre walked into the trailer and Carmon was in the kitchen when Andre walked into the trailer. During this time Carmon noticed Andre was breathing heavily and had blood on his shirt. Andre was wearing blue camouflage shirt and green BDU paints.

Andre then told Carmon and Isaih that the police were going to be coming. Andre then told Carmon that he stabbed Laura, [REDACTED] and [REDACTED]. Carmon thought Andre was not telling the truth and Andre wanted to know if she wanted to look in the bag. During this time Andre was pointing into the kitchen. Carmon did not see the bag and did not go look for the bag.

Andre told Carmon that he killed Laura, [REDACTED] and [REDACTED] and that this was not the first time he killed them. Andre told Carmon that Laura was Jezebel, referring to the Bible. Andre then took his shirt off and showed Carmon he stabbed his self in the chest. Andre started telling he should be dead.

The Stab wound was to his chest. Andre then went over to the kitchen sink and grabbed a butcher knife and was showing Carmon how far he stuck the knife into his chest. Carmon Said the knife still had blood on it.

Carmon then went back to her bedroom and changed clothes so she could leave the house because she did not want to be in the same house as Andre. After changing clothes Carmon went back in where Andre was and told him he needed to turn himself into the police. Andre agreed. Andre asked Carmon to go with him to the police department.

They then walked to Brandon Patterson's house with is in this same trailer park Lot #92. When they arrived Brandon did not have a car to give them a ride. Isaih also walked to Brandon's house. While at Brandon's house they did not tell him why the needed a ride. Since Brandon did not have a vehicle they just left.

Carmon and Andre then walked to Raquel Johnson residence located in the trailer park at lot #13. They told Johnson that they had an emergency and needed to go to the Sherman Police station. Johnson did give Andre and Carman a ride to the police station.

Upon arrival at the police station Andre was let out at the front door and Carmon and Johnson went and parked the car. During this is when Carmon told Johnson what Andre had done.

After leaving the police station Johnson and Carmon went back to the trailer park. They went back to Carmon's and Andre's residence. Carmon and Johnson looked for the bag that Andre had been talking about but did not find it. They looked under the trailer and in Andre's closet.

During this time I also made contact with Andre's Father Danny Thomas and obtained a statement from him in reference to Andre. Danny related that Andre has been confused the last couple of weeks. According to Danny, Andre supported himself and took care of himself by working various jobs. Danny did say Andre had been acting strange by putting Duct tape over his mouth so he could not talk.

Upon Det. Smith's arrival I assisted him in processing and photographing the crime scene. I also assisted in the gathering of the evidence found inside of the trailer. For further details of this search see the follow up by Det. Smith.

Mayo also related that his first impression of Suspect (Thomas) was that he was a "bad ass". I asked what he meant by that and Mayo advised that he meant that Suspect (Thomas) was cocky, and was bragging that he was the best dish washer there. Mayo related that after the first meeting, that Suspect was not as cocky and seemed to be a normal person. He related that Suspect (Thomas) mentioned his 21st birthday and how he went out drinking that night. This statement was audio recorded. The tape was taken to the P.D. and tagged as evidence.

Prior to leaving Logan's I spoke with Sam White, who had also reportedly worked with Suspect (Thomas). However, White claims that he only met Suspect (Thomas) a couple of times and did not recognize his picture on the television news. He also claims that he cannot recall ever having a conversation with Suspect (Thomas). No statement was taken from White.

I contacted Mr. Riles at Kelly Square and took a tape recorded statement from him. He advised that he first met Andre Thomas was when Thomas was working in the restaurant. Riles related that Thomas would come and talk to him frequently. During the course of their conversations about Laura Thomas, Andre Thomas told him that when she left him "it just ripped his heart out". Riles said that he knew that Thomas needed help back then, and told him so. I asked what he meant by that and he said that any man who would dye his hair a different color every week had something wrong with him. I asked him if Thomas had done anything else to make him believe that he needed some type of help and he said that he had not. On 04/29/04 I was asked by County Attorney Joe Brown to serve subpoenas on Danny Thomas and Rochelle Thomas, who are the parents of Andre Thomas.

On 04/30/04 I located Danny Thomas at 2424 Texoma Parkway #15, and served the subpoena to him. The copy of the subpoena was returned to the County Attorney's office.

Danny Thomas advised that he thought that Rochelle Thomas might be living at Willow Garden Apartments (now Eastside Gardens) and was possibly in apt. #15. He also advised that she was at work today at the Mullican Care Center nursing home in Savoy, Texas, and would get off work at 1500 hrs. I drove to Savoy and went to the nursing home. I was advised that she does work there, but she had gotten off at 1300 hrs. today. I arrived at approximately 1315 hrs. The address the nursing home had for Rochelle was 803 N. Throckmorton, but one of the employees there advised that Rochelle had mentioned that she was living at the Claymar apartments on Travis street.

I returned to Sherman and went to the Eastside Gardens apartments. I went to apartment #15 but got no answer when I knocked. I went to the Manager's office but there was a "Closed" sign on the door.

I then went to the Claymar on Travis apartments and spoke with the manager. She advised that she did not know the name of Rochelle Thomas, but that there were some African Americans living in apartment "H". She advised that all of the other tenants were Hispanics. I went to apartment "H" and knocked on the door but got no answer.

I then went to 803 N. Throckmorton and the front door was standing open. I knocked on the door several times but still got no answer.

On 05/05/04, Ranger Bennie and I drove to Mullican Care Center. We were allowed to use a vacant patient room to speak with Rochelle Thomas. Upon her arrival in this room we introduced ourselves and I activated an audio cassette recorder. During the interview with Rochelle, she related that she had been at Suspect's trailer on the morning of the murder. She went on to tell us that Suspect had woke her up at 0600 hrs. to tell her that God had told him to go for a walk. She advised that he did not tell her where he was going to walk, nor did she notice how he was dressed, or if he was carrying anything.

Rochelle advised that Suspect had been acting strangely since the first of the year. When I asked her what she meant by that, she told us that he had placed gray tape over his mouth, saying that God had told him not to talk. She also advised that a day or two before the murders he had stabbed himself with a knife. Rochelle advised that she had taken him to Texoma Medical Center, but did not stay to learn if he was going to be admitted or not. She claimed that she stayed for a while, and when Suspect did not come back out she assumed that he was going to be admitted and left.

I served Rochelle with the Grand Jury Subpoena, and explained when she was to be there. She told me that she could not make it because of work. Follow-up narrative: March 29, 2004 @ 0801 hours, Smith 115

On Saturday, March 27, 2004, I was contacted at my residence at about 0745 hours and advised of this offense. I responded to the scene where I met with Sgt. Blankenship, Lt. Otoole, Detective Bell, and Detective Ditto. I was told that three victims had been confirmed deceased in apartment 340. I was advised that a boyfriend to the the adult victim was Bryant Hughes and that he was working at Burger King. I was told Hughes was probably the last person known to officers to have seen the victims alive. I was given the assignment of locating Hughes and bringing him to the PD.

Detective Bell agreed to assist me in locating Hughes and we went to the PD, got into one vehicle, and drove to Burger King. At Burger King, I asked to speak to the manager and a white female came out to speak to us stating she was the manager. I identified ourselves and relayed to her that we were needing to speak to Hughes and that we were going to ask him to come with us to the PD. I asked her if Hughes was late getting to work today and she told me that he was and that he did not arrive until about 0745 hours. She went back behind the counter and shortly afterward a black male identifying himself as Hughes came out from the behind the counter.

I spoke to Hughes and told him that something bad had happened and asked 10614 0400:

him to come with us to the PD so that we could speak to him. Hughes asked us if everything was OK and at one point asked "Did someone die?". We did not discuss anything with Hughes until arriving at the PD. As we were walking through the parking lot to my car, I asked Hughes if he had a car that he drove to work. Hughes said he did and he pointed out a white Pontiac Bonneville saying it was the car he drove. The car was parked on the south side of the Burger King building. We then drove Hughes to the PD.

At the PD, I set up the CID interview room to record and Bell took Hughes into the interview room. I did not attend the interview as I had been directed to obtain a search warrant for the victims residence and I went to my office to start the warrant. About halfway through the warrant, I heard yelling coming from the interview room and I went there and learned that Hughes had just been told of the deaths. Hughes was distraught, yelling, unbelieving, and pacing the floor. Hughes said that Andre Thomas had committed the crime. I then went back to my office.

While typing the warrant, Dispatcher Womack came upstairs and yelled out for the Sgt. down the hallway. I asked her to not yell due to the interview and she told me that Andre Thomas was in the lobby of the PD and had confessed to the murders. I immediately went downstairs and to the front lobby. Upon my arrival, Officer Mauldin was patting down Thomas for weapons. I immediately handcuffed Thomas and observed blood on the front of his shirt. I asked him if he was hurt and he said he was. I asked dispatch to send an ambulance.

Thomas was taken to the book-in room to await the ambulance. I spoke to Dispatcher Carr who was the one that Thomas had confessed to over the phone. Carr told me Thomas told her he had killed his wife at Arrowwood and that he had cut her heart out. Carr had asked Thomas where the weapon was and he told her it was at his trailer at Crossroads.

Paramedics had arrived and were treating Thomas. They stated that Thomas had stabbed himself the previous night and it looked like he had reopened the same wound. They stated he needed to go to the hospital. I asked Mauldin to remain with Thomas and obtain his clothing at the hospital. Prior to Thomas being transported, his camo style shirt was removed and I took possession of it. It was later placed into evidence. This shirt had blood on the front of it.

I left and went back to typing the warrant. In a short period of time I heard Hughes again and I went back to the interview room. This time I spoke to Hughes and relayed to him how important it was for him to tell us what had occurred so that we could catch the person responsible. Hughes calmed down for a moment and agreed to help. I then left and went back to my office. The interview and its details will be documented in Bells follow-up.

I prepared a search warrant for apartment #340 at Arrowwood. I had called Sgt. Blankenship and told him that Hughes vehicle was at his work and it

was decided to also obtain a warrant for his car. I prepared that warrant also. I then made contact with Judge Fry, 15th District Court, and met with him. Fry issued the warrants. I then went to Arrowwood Apts and gave the search warrant to Detective Ditto. I maintained the search warrant for the vehicle. I had called Detective Robinson, who was at the PD, and she had made arrangements to watch Hughes vehicle until which time as we could execute the warrant on it.

I learned that Officers had determined that Thomas was living at Crossroads Mobile Home Park at lot #100 and that Thomas had been at the residence just prior to coming to the PD. I was instructed to obtain a search warrant for Thomas residence. I prepared the warrant affidavit and met with Judge Fry again. He issued the warrant for Thomas residence.

By this time, the interview with Hughes was completed and Hughes was driven back to Burger King. I went to Burger King and met with Detective Bell and Robinson. I gave the search warrant for Hughes vehicle to Bell and he executed the warrant. I then took the search warrant for Thomas residence and went to Crossroads. Detective Young and Officer Ferguson were securing the trailer until my arrival.

When I arrived, I asked Det Young to assist me in searching the trailer. I photographed the trailer from the outside and then checked the front door finding it unlocked. Carmen Hays, another resident of the trailer, was outside speaking to Ferguson prior to us entering the trailer and she had told us no one was inside. We entered through the front door, north door, and made entry into the trailer finding no one inside. We then started the search and labeling the various points of evidence located.

The trailer had two bedrooms and one bathroom. The north door opened into a hallway and immediately to the west of the hallway was the living room and then the kitchen. Traveling east down the hallway was the bedrooms which were separated by a bathroom. There appeared to be no electricity in the residence as the lights and refrigerator were not working.

We first processed the kitchen and living room for evidence and found several items of evidence. There were three knives found in the kitchen sink. There also appeared to be bloody water in the sink as if the knives had been in the sink after the water was turned on. A blue plastic sack was located in the trash in the kitchen. The sack appeared to contain body parts. These items were photographed.

We next processed the living room area. We then moved onto the hall and the bathroom. In the bathroom I observed what appeared to be a drop of blood in the sink. I photographed the blood drop. I observed that the bath tub had water spots in it and was wet. I saw a washcloth sitting on the side of the tub that appeared as a pink color possibly from blood. I also observed two other washclothes and a sock in the bottom of the tub. All of these items were photographed.

We then went to the east bedroom. Hays had told us that this was Thomas' bedroom. We located some bloody overalls on the floor in front of a dresser that was along the west wall. We also located a white shirt that had a spot of blood on it. The shirt was located under the overalls and the blood spot appeared to be a transfer spot from the overalls.

We located a black handled knife that appeared to have blood on the blade. The knife was sitting on some boxes in the northeast corner of the bedroom. I located several photographs on a desk that was along the east wall. Also on the desk was a brown wallet that had the social security card of Thomas in it. We located several writings on the desk. All of these items were photographed.

We located a child support order with the victims and suspects name on it. This was found inside the top desk drawer. Another pad with writing was located on the floor between the desk and the bed. Sheets and blankets were thrown on the bed and I started sorting them and located a blue shirt that had blood on it. There were also several pairs of shoes sitting on the floor in the bedroom. None appeared to have visible blood on them. All of these items were photographed.

Sgt. Blankenship arrived at the scene and relayed to us that Thomas was reported to have been quoting some bible stories or text in an attempt to explain the crime. He asked if we located any bibles in the house and I recalled seeing three of them during the search. Due to this new information we went back and collected the three bibles. A bible was located on the bed in the east bedroom, one on a couch in the living room, and one on the desk in the east bedroom. The one on the desk had numerous pages torn from it. These items were photographed. We then searched the middle bedroom and found no items of evidence in it. This was reportedly the bedroom that Hays stayed in.

We then started the collection of the various evidence that had been located. Young packaged the evidence and labeled each item. We decided to collect the drain trap water from the kitchen and bathroom sink as it appeared that someone had washed and there might be forensic evidence available. We also took the drain pipes.

The following is a list of the evidence markers used and what each number represented.

- #1 - kitchen sink with three knives in it and bloody water spots
- #2 - blood drop in bathroom sink
- #3 - water spots in bathtub indicating recent water
- #4 - overalls with blood in east bedroom
- #5 - white shirt with blood in east bedroom

Follow-up narrative: March 31, 2004 @ 1620 hours, Smith 115

I was advised by Sgt. Blankenship that information had been received from [REDACTED] victims sister, that she had heard from other persons that a 15 year old named "[REDACTED]" had possibly agreed to give Andre Thomas a ride to the victims apartment or had agreed to assist in the homicide. I was told that "[REDACTED]" was living with a male named Kim Young at Diamond Place Apts. #G102.

Detective Atherton and myself went to that apartment on 3-30-03 at about 0830 hours and could get no one to answer the door. I checked with management at the complex and learned that Young did live in the apartment. I left a business card on the front door. At about 1400 hours on 3-30-03, Kim Young came to the PD to speak to me. I met with him and obtained a recorded statement from him.

Young relayed that he has known Andre Thomas for about two months. Young said Thomas had some problems and at times Young said Thomas would talk to his hand and ask Young if he could hear voices. Young said that Thomas had mentioned killing Laura on at least three occasions but Young said he always thought that Thomas was kidding and not serious.

Young relayed that Thomas had told him that he wanted to kill himself and he had asked Young if it was worth it. Young said that he believes Thomas wanted to kill Laura because he was jealous of her life and success and because she had left him. Young said that Thomas exact words were "I want to kill that bitch!"

Young also said that Thomas had asked him where to stab himself with a knife and where the vital organs were inside the body. Young said he told him. Young said that Thomas had asked them to stab him and that Thomas was wanting to commit suicide. Young said that Thomas never asked them [REDACTED] or [REDACTED] to participate in the murder. [REDACTED] is Youngs son. Young said that he

would bring [REDACTED] to the PD to speak to me.

Young left and shortly afterward he returned with [REDACTED] (w/m [REDACTED]). I spoke to [REDACTED] and he gave a recorded statement. That statement is on side two of the same cassette that Young's statement is on.

[REDACTED] said that he has known Thomas for about a month. [REDACTED] said that he has given Thomas a ride before and that Thomas told him that Laura was trying to restrict him from seeing the baby ([REDACTED]). [REDACTED] said that Thomas told him that he "could just kill the bitch" as a solution. [REDACTED] said a week ago that Thomas tried to get treatment at MHMR and WNJ but that he was not able to.

[REDACTED] said that Thomas never told him how he wanted to kill Laura but he said that he mentioned it twice. [REDACTED] said that Thomas had mentioned killing Laura twice. [REDACTED] said that Thomas never asked him to help murder Laura. He said that Thomas had asked him to stab him.

From this information it appears that Thomas had asked both Kim and [REDACTED] Young to stab him (Thomas) and that he did not solicit help in killing anyone else.

Follow Up Narrative: 3/27/04 Capital Murder Stephen Dean - 166

On 3/27/04 I, Inv. Stephen Dean, was notified by Sherman PD dispatch that there had been a triple homicide at 1200 W. Taylor #340 and was asked to respond to that location.

I was then contacted by Lt. O'Toole and asked to bring a video camera to the scene.

Upon my arrival Det. Mike Ditto and Lt. O'Toole requested that I video tape the vehicles in the parking lot and record license plate numbers.

I video taped the parking lot area as well as the bystanders that were gathering outside the crime scene area.

I then accompanied Det. Ditto and Ranger Bennie into the apartment to video tape the crime scene.

I turned the 8mm tape over to Det. Ditto to be placed into evidence.

I then remained in the crime scene to assist Det. Ditto and Ranger Bennie with the investigation.

I am 22 years of age, D.O.B. [REDACTED] and I live at [REDACTED]

this morning at about 8:30AM, Isaiah gibbs came into the apt to look for andre. he found me, we started talking, and about 5 minutes later, andre came home. he was upset and disheveled, breathing heavy. he said to us that the police were coming soon. i asked him what he did, & he said, "i killed laura, [REDACTED] and [REDACTED]." i asked him if he was kidding, & he said, "what, do you want to look in the bag?" i said, "no, why do you think i want to see that?" he sat down at the bar and i asked him why. he said that he thought laura was jezebel (from the Bible), and he has had "this happen before" (he thinks he relives days and weeks). i tried to calm him down. he took his shirt off and showed us that he had stabbed himself twice in the chest. he was freaking out because he should have been dead and he wasn't. i asked him what he was going to do. he said he didn't know... i told him he should turn himself in, and he agreed. he wanted me to go with him, and i told him that i had to work at 11, but if we could find a ride there, i would go. we went to brandon's (his cousin) and asked him if he could give us a ride... ~~the~~ CLH his girlfriend was gone w/ the car, so i asked him if he wanted to go to raguel's. i gave her gas money and she took us to the police station ~~to~~ CLH so he could turn himself in.
